# Every demolition permit

City of Vancouver, 2017 to 2026: 7,168 issued permits to take a building down, each read for what came down, what it was asked to recycle, and how it was to be taken down.

**7,168** permits since January 2017

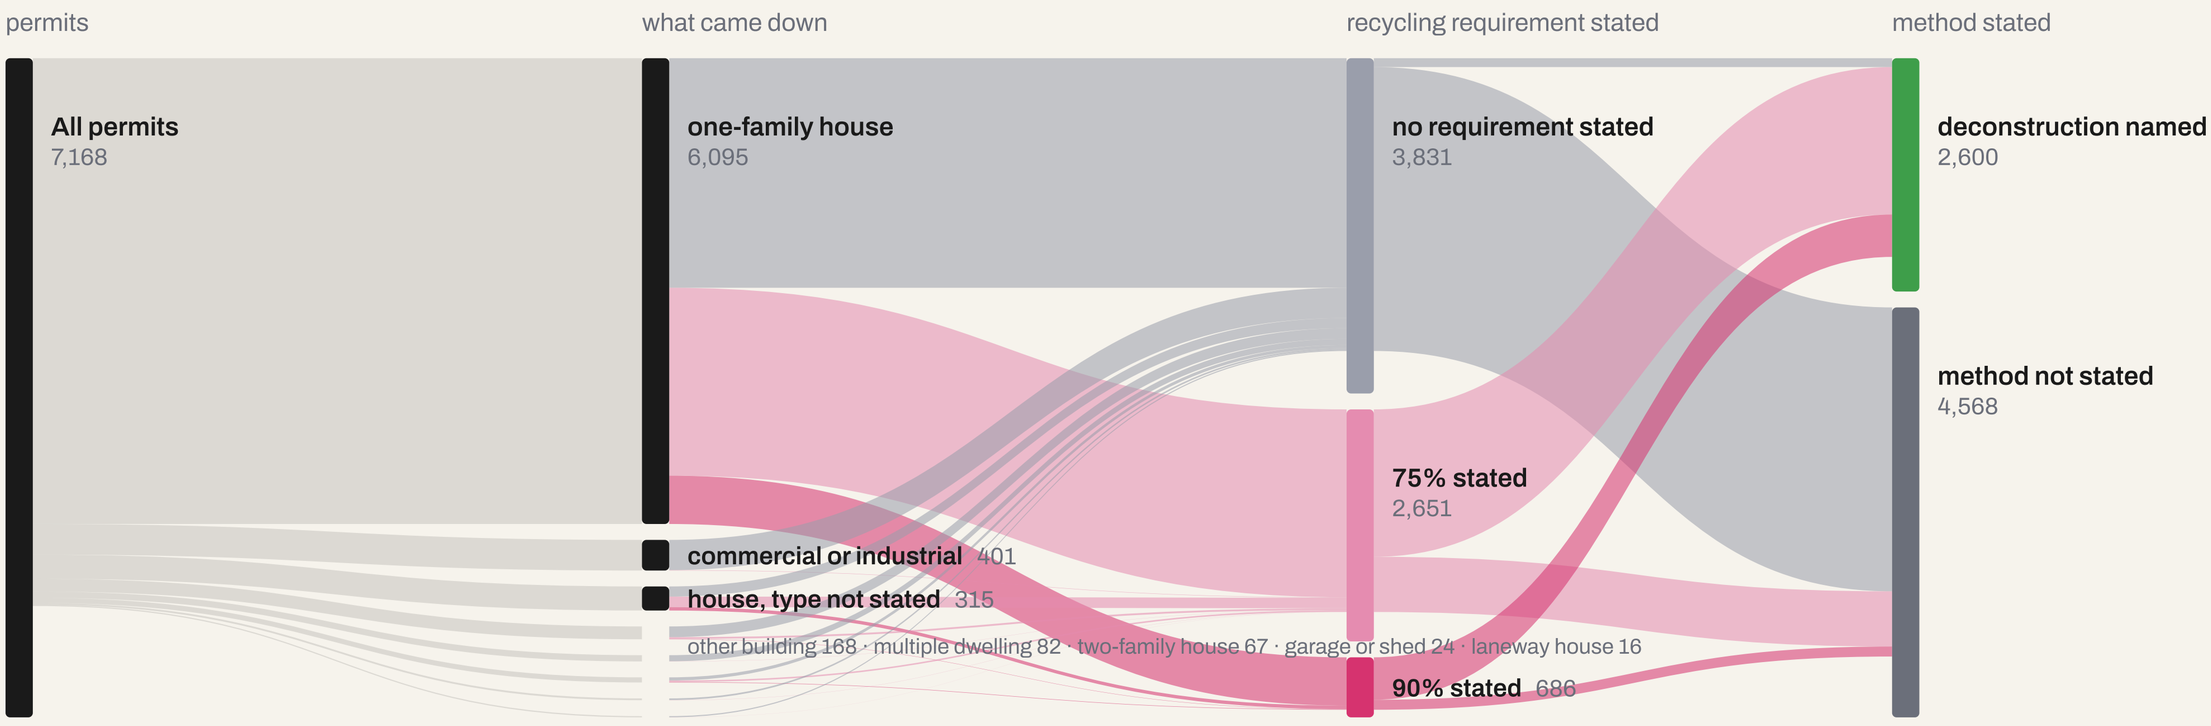

**6,095** for one-family houses

**2,600** name deconstruction as the method

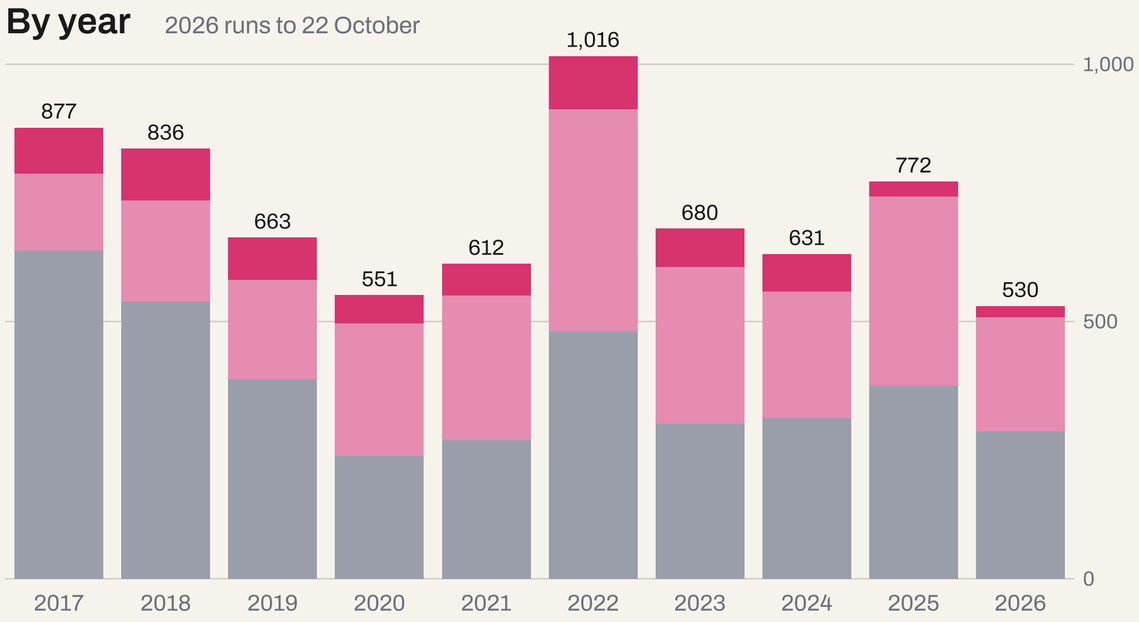

## From permit to method

band width = number of permits

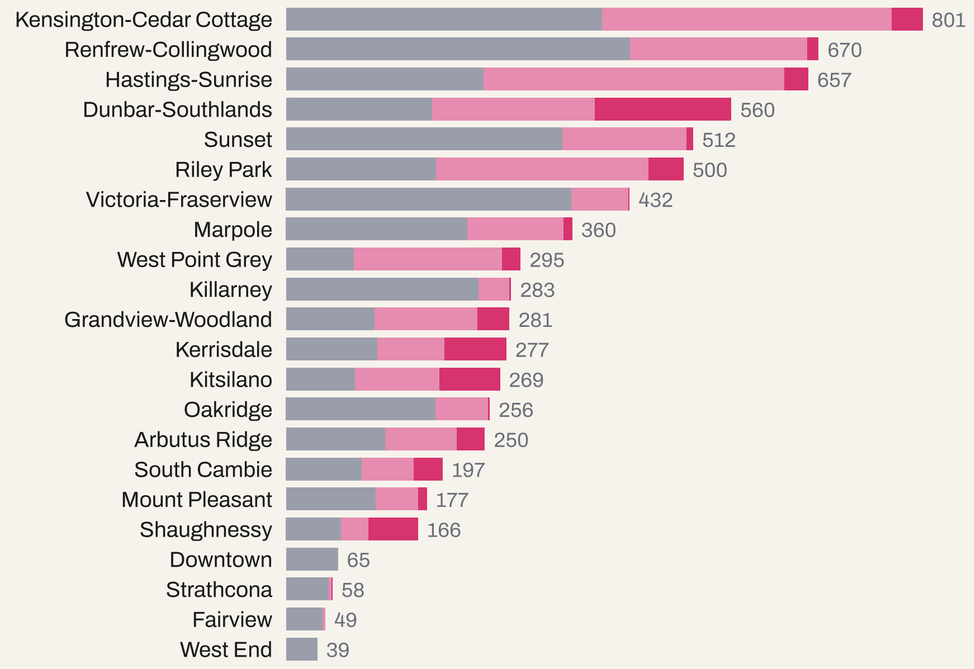

## By year

2026 runs to 22 October

## By local area

Source: City of Vancouver Open Data, issued building permits typed “Demolition / Deconstruction”, fetched 24 Oct 2026; 7,154 of 7,168 have a location. Requirement and method are read from each permit's description, so they are a floor, not a census. Analysis and drawing: R. Liu.
